ROY BALL TEAM

NWINS ANOTHER

Last Sunday the local boys motored to Wagon Mound to cross bats with the team of that place, which the game resulted in a score of 14 to 8 in Roy's favor.

The game was called at 2 P.M. and it is reported that it was interesting from the first to the last inning, our club is still there when it comes to hitting the pill and we are assured that they intend doing so throughout the season. Wagon Mound has a very good strong team, but on account of two of their important players that were unable to make their appearance in this game, it somewhat weakened them in their infield, otherwise the score probably would never have reached to the point where it was ended.

The Club made the trip across the river and claim that the road is somewhat washed out and rough, but they made it with out any trouble or difficulties, and returned by the same route. They also report that they were treated royally by the Wagon Mound team and their fans, and appreciate the fact that the people of that place showed them all the courtesies that was due them, which that means a good deal to a ball game for those interested takes more pride in it, not only the players but the fans too. Wagon Mound Team will be in Roy Sunday July 2nd for a return game, and they will try and redeem themselves on that day.

We expect to have a very good account of the coming Sunday's game in next weeks issue, which will be played between Roy and Tucumcari, and as the later team has defeated every one they played to date, it looks like our boys are up against the real thing this time, but we are aware of the fact that it does not worry them in the least, for the stronger they are, the better they like it, and we can vouch for that.

Richard Kilmurry, one of our prominent business men, is having a well drilled at his place of residence by the Steinbaugh Brothers, well, here's hoping that you get a good stream of water Si.

WASHINGTON OFFICIALS PRAISE NEW MEXICO DEPARTMENT OF VOCATIONAL EDUCATION

Considerable attention has been focused on the visits of the Federal Board for Vocational Education who have just completed a careful investigation of the accounts of the Department of Vocational Education and the work done in the states. Not only were the books gone over but the work in the field was actually visited and its quality gauged by experts in each separate line. The Federal Agents were: Frank J. Clayton, Division of Industrial Rehabilitation; H. A. Tiemann, Division of Trades and Industries; and H. M. Skidmore, Division of Agricultural Education.

In a Washington memorandum, Mr. H. M. Skidmore takes the opportunity of praising the work of the Department: "General conditions as observed were highly satisfactory. A change amounting almost to revolution has taken place within the past six months. Where previously everything was shrouded in a cloak of semi-mystery and where all concerned moved with uncertainty, now the most open, candid methods are employed and everybody moves with more or less precision and the spirit of work and cooperation pervades the entire establishment. The accounting system, as developed for use in the vocational department, is highly effective and yet the most simple and least involved of any I have seen. There will be no further need of doubt as to where you stand financially. In conclusion, I desire to state that the representatives of the Federal Board for Vocational Education are much heartened over the development made in New Mexico and wish for a continuance of the same."

"It is only what I expected," said State Superintendent Conway, when shown this report. "While we are all working together for the welfare and advancement of the state, I am free to admit that those in charge of vocational work have set us all an example for earnest cooperation and industry. My problem is not to get these folks up to an eight hour day but to get them down to at least a ten hour day for their own health."

MILLS AND VICINITY

M. H. Smith returned Saturday from a few days business trip to Las Vegas.

Geo Jordan returned Thursday from Texas where he has been visiting relatives and trying to regain his health.

B. F. Clanton of Hatodd, was transacting business with the Mills merchants Tuesday.

Vern Waldrop of Gladstone, was in Mills Tuesday after lumber to make the platform and seats for their Chautauqua which will begin at that place the 22 inst.

Mr. and Mrs. H. J. Wyatt returned Saturday from Texas where they were called by the death of the latter's father and sister who were killed in an automobile accident. They arrived unfortunately too late for the burial.

One day last week a few of the Boy Scouts and Scout Master Rev. Fletcher went to the river on a two days fishing trip. They took some provisions with them which consisted of five pounds of meat and five loaves of bread and placed same in the fork of a tree four feet or more from the ground. Everything was lovely camping out the first night, they awoke with the lark in the morning and after a hasty breakfast retreated to the river bank where they remained until dinner time, but on returning to camp found that something had disappeared with their lunch. They laid the blame for the deed on a hog which they had seen strolling around there but when they told us that one of the papers off of the bread was nicely folded and laying near, we were inclined to doubt that the old hog had anything to do with it and we are no lawyer either. The boys returned home for their dinner slightly out of humor.

A D. Hurford is breaking a horse to work for Mrs Emma Seaman this week.

W. E. Carter, Roy Freeman and E. D. Bartmess, went to Mosquero Saturday to meet the County Board of Education and the state Educational auditor.

Miss Virginia McClure received a wind mill by freight one day last week which she had ordered.

Mrs P. L. Porter is on the sick list this week.

R. S. Porter has quite an extensive job, painting automobiles Chivrolets and Fords, he has painted a ford for E. Bake, painting a Chivrolet for W. H. McMin and R. L. Melton is waiting for him to get that job done so he can paint a car for him.

Don't forget the date, Saturday June 17th at the Paxton store, the Ladies Auxiliary will have a bake sale.

Yum Yum! some good cookies, cakes and pies will be sold by the Auxiliary at the Paxton store Saturday June 17th.

THE BEGINNING OF A BANK-NOTE

Little Marcia's baby dress though made of the finest linen was ultimately worn threadbare. One day it landed in the rag bag and was sold to the junk dealer. When the rag sorter touched the discarded garment he detected in a flash the fine quality of the flax and set it aside for a journey to the Bureau of Engraving and Printing at Washington. Eventually it became legal tender—a bank-note. Just how is told in one of the beautiful booklets about Our Government which we are sending each month to those interested.

Just send us your name and address and you will receive a copy of every issue of the series without charge.

FIRST NATIONAL BANK

ROY, NEW MEXICO

LOT'S FILIPINO SERENADERS COMING

Lot P. Fernandez and Company Appear on Last Day.

The musical treat of the entire week will be the closing evening. Real Filipinos—every one a native of the Pacific Islands, with the instruments of those islands. Banjos, guitars, mandolins, ukeleles, violins and real singing voices—just the kind of an attraction to put a happy finish on a Chautauqua program.

They sing, play and dance as only natives of the Philippine Islands can. Lot Fernandez will stir your soul with the musical effects obtained only by a steel guitar. Then again he may cause "Tchin Hells" when he gets to playing some of our late song hits, its clever, unique, and above all, highly entertaining. Doris Tuttle—a most charming lady, has been in the States since she was three years of age, but she has lost none of her agility to play a ukelele or do an interpretative dance. Her soprano voice, too, is most pleasing, whether in the ever popular "Farewell to Thee" or in "Hula Hula Girl." No matter what the company endeavors to do, they accomplish it in a most satisfactory way. Its a genuine program of worth and merit—yet a big joy night to remember until next year.

Mrs. Kate Dunbar, of Tucumcari, sister om Tom and Sam Strong, is visiting friends and relatives in Roy this week.

Mr C. L. Justice, cashier of the First Natoinal Bank, was a business visitor in El Paso this week.

Time

What time?

Chautauqua time

Come in to town and have a good time while the Chautauqua is going on, and don't forget that you will find the best soda fountain in Harding county at the-
